

euROpean
mEMORIES

The image features the text "euROpean mEMORIES" in a stylized, multi-colored font. The letters are black, with some letters in lowercase and some in uppercase. The text is set against a white background with several large, overlapping colored circles: a red circle behind the 'O' in 'euROpean', a green circle behind the 'R', a yellow circle behind the 'M' in 'mEMORIES', a blue circle behind the 'E' in 'mEMORIES', and a purple circle behind the 'S'. A large yellow circle is also present behind the 'M' and 'O' in 'mEMORIES'. The overall design is playful and artistic.

1 Project overview and situation

3rd Transnational Project Meeting Place: Florence
(ITALY) 14th – 15th NOVEMBER 2017

NA FEEDBACK

- 1 – How did you choose the mobility participants**
- 2 - More contribution from the partners**
- 3 – Soft skills to be taught in the LTT**
- 4 – Dissemination and Evaluation forms on the web.**

WHY

- ▶ Our project is for the development of social and civic competences of the European citizens.
- ▶ The project will involve a broad number of European citizens of every age and social condition, as well as a broad number of European organisations of Adult Education interested in the theme of memory and of the autobiographical methodologies as educational tool

The project will create products and activities, as the European Competition, the digital Archive of European Memories and storytelling groups addressed to long-lasting activities

HOW TO PRODUCE

Digital tools

Multimedia tools to be used to disseminate the memories of the target group

Web applications

The tools will be online and open for everyone

LOCAL DISSEMINATION ACTIVITIES IN EACH PARTNER COUNTRY

The first target-group is constituted by the organisations and operators who will be involved in the research activities and corresponding to to a broad number of organisations of Adult Education. This activity aims either to collect informations on the activities dealing with the autobiographical methodologies carried out in Europe, or to promote a wider knowledge of the existing project and of the future European Digital Archive of Memories.

Thanks!
